CONTRIBUTION OF AGRICULTURE

Walter P. Davison

Of the approximately 15,000 ships carrying more than 100 million tons of cargo from Canadian ports since war was declared, more than 40 per cent was a direct contribution from the top six sales of Canadian goods. These 41 million tons of "food" is a variety of forms, from wheat and flour to bacon and cheese, from egg powder to fruits and vegetables and the rich harvest from Canadian waters, have spotlighted the services of our farmers in the nation's war effort. They have given a striking

affirmative reply to the question, "Is Canada will cooperate with such agriculture a war industry?" They have stood staunchly behind the mortal promise of "Blood, sweat, toll and tears," for denied these must be the agonious, even the flaming spirit of a Churchill could not have held these battlements of freedom in the North Sea. Moreover, the amazing productivity of urban Canadians in the factories, and other primary workers in the forests and mines, would have withered fast had they not heard the farmer's voice at least three times daily: "Rations Up!"

MR. HOWE GIVES CANADIAN POLICY ON POST-WAR AVIATION CHICAGO CONFERENCE

Canada is taking a leading part at the United Nations air conference at Chicago, just as it did in the preliminary Commonwealth conferences at Montreal. In his address to the Chicago conference, Hon. C. D. Howe placed this nation on record as favoring such international control of postwar aviation as will avert friction which might start another war. He also made it plain that, while insisting on its proper place in postwar air development,

well as of any international air routes operated by this nation.

SIR JOHN DILL DEAD AT 63

Washington. — Field Marshal Sir John Dill, head of the British joint staff mission in the United States, died Saturday night in Walter Reed army hospital. He had been ill for several months with anemia.

Sir John, who was 63 years old, has been called by British admirers "our best general since Marlborough" and during the early days of the war a German commentator once referred to him as the only British general "worthy of our steel."

24 KILLED AS T.W.A. 'SKY' CHIEF CRASHES IN STORM

Hanford, Calif. — Twenty-four persons were killed here Saturday night in the crash of the Transcontinental and Western Air passenger plane "Sky Chief."

The big silver ship appeared to go to pieces in mid-air during an electrical storm, scattering bodies and wreckage over a wide area.

T.W.A. officials announced that there was one civilian passenger on the plane — Dr. B. D. Saklatwalla, a meteorologist — and 20 members of the armed services.

C.P.R. Plans for Future

H. J. Humphrey

E. D. Cotterell

LONG-RANGE planning for the transition of the Canadian Pacific Railway Company from a war to a peacetime basis was foreshadowed recently when D. C. Coleman, Chairman and President, announced the assignment of H. J. Humphrey, formerly Vice-President of the Company's Eastern Lines, to "special duties."

Mr. Humphrey's exceptionally wide experience, extensive public contacts and comprehensive knowledge will be devoted primarily to the solution of problems that will confront the Company in the period of transition from war to peace," Mr. Coleman said. Mr. Humphrey is now located at the Company's headquarters in Montreal.

He is succeeded as vice-president, Eastern Lines, by E. D. Cotterell, formerly general manager, Eastern Lines, who is promoted to vice-president, and general manager, with headquarters in Toronto. Both Mr. Humphrey and Mr. Cotterell report to W. M. Neal, C.B.E., Vice-President of the Company. The appointments became effective October 1.

These changes again bring into the spotlight two officials who have each made great contributions to the steady advancement of Canadian railroading and have devoted their entire lives to the development of this vital phase of Canadian life.

CHEER THE BOYS UP

Write a cheerful letter to that boy you know overseas. He loves to get a letter any time, but a cheerful letter does much more good. Too often thoughtless friends and relatives (even wives and mothers) write about troubles at home. This one is sick, the storm the weather has been very that one needs money, someone else can't find a suitable place to live, without any frost. It is June in Nov. Perhaps the most common and most distressing news is unpleasant gossip immensely.

and like most gossip it is usually untrue or greatly exaggerated. The boys can't do anything about these things except worry. And worry doesn't help anyone do his job well. A cheerful letter from you can help in counteract his worries.

Following the mud and slush after you for a loan. "If you are sensitive," replied Uncle grimly, "you had better write for it. Then when you get my reply tear it up without reading it."

LEGAL ADVICE FOR SOLDIERS DEPENDENTS

Soldiers' dependents desiring legal aid regarding his or her personal affairs are advised to apply in writing to the Dependents' Advisory Committee of the Dependents' Board of trustees, headquarters of M. D. 10, announced today.

The application will then be considered by the board and if it is thought that the services of a solicitor are required arrangements will be made accordingly by the committee.

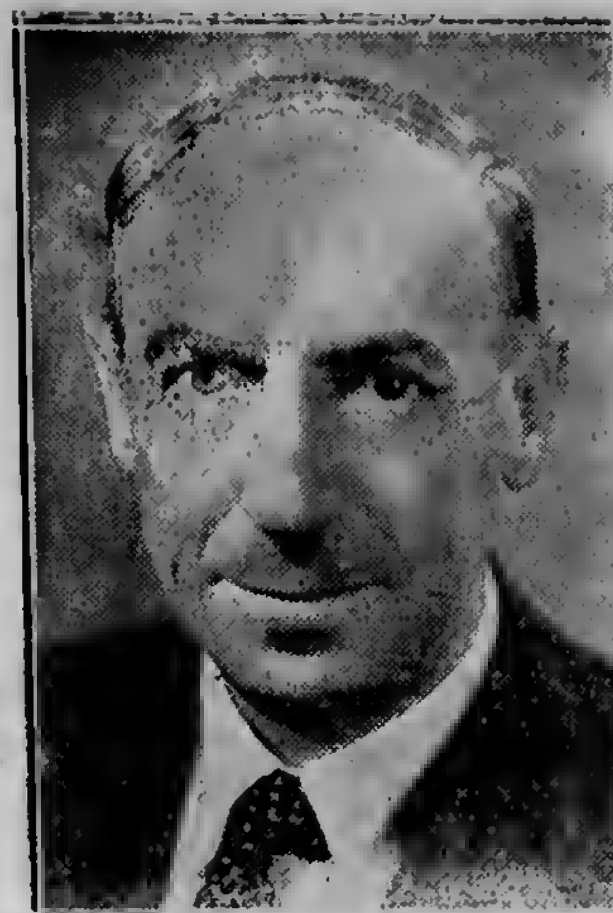

Buy War Savings Stamps regularly.

"I want a word of advice," the young man remarked to his uncle.

"What is the best way to approach you for a loan."

"If you are sensitive," replied Uncle grimly, "you had better write for it. Then when you get my reply tear it up without reading it."

FORUM CHAIRMAN

Watson Porter has been appointed chairman of the first series of broad casts in CBC's National Farm Radio Forum, which commences on Monday, October 3, when the program will be heard at 9:30 p.m. in CBC's Midwestern Region. Mr. Porter is widely known as editor of The Farmer's Advocate and Home Magazine, and as secretary of the Ontario Conservation and Reforestation Association, which he helped to organize in 1936.

Farm Boys at High School

Most farm boys know, roughly, what is involved in the practice of medicine, dentistry, engineering or law; but they often have very little knowledge of the fascinating studies connected with scientific agriculture. The various tasks of professional agriculture require just as much ability and training as do those of other professions. They are varied, and require the services of agricultural engineers, economists, chemists, plant pathologists, entomologists, etc., as well as an army of men with broad training for agricultural representative, teaching and extension work.

At present, a large proportion of the students in our agricultural colleges are city boys with little or no farm experience. It is true that most of our colleges require a certain minimum of farm experience, but a city student can usually meet such requirements without learning a great deal about farming. This state of affairs is viewed with alarm by most professional agriculturists, including college professors. An intimate knowledge of general farm practices and problems is an advantage in all branches of the profession and an absolute necessity in many.

There will probably be a serious shortage of well trained agriculturists for some time to come. Farm boys doing well at high school, and keen on entering professional service of one kind or another, should examine the possibilities in agriculture.

Ask your line Elevator agent for a leaflet dealing more fully with this subject.

The conquest of the Philippines by United States and Australian forces goes ahead steadily with successes in every theatre. Japan's position here as well as in China is becoming more untenable all the time despite the continual big talk of the Japs to the contrary.

"To remain ignorant about V.D. is to endanger not only your own health, but that of your family and your community."

Minister of Pensions and National Health.

From a statement
March 28, 1944

LET'S be quite frank.

When you read—as you probably did during the past few months—that more than 300,000 people in Canada have syphilis, what was your reaction? Did you say, "That's too bad; something should be done about it", and then turn to the comic page? Chances are you did.

But if that article had told you that Tommy Jones, the lad who used to mow your lawn after school, had syphilis—how would you have felt about it? Or that the young couple who built that cute house in the next block, had just lost a baby through syphilis... would that have made you stop and think?

Or, if you suddenly discovered that your Mar... No? That couldn't happen? But it can. And it does... to hundreds of Tommies and Marys every year, right here in Canada. Right in your community. You'll

never read articles like that, of course, for these are the personal tragedies that people bear in silence.

So, when you pick up the paper sometime and read... there were 5,000 new VENEREAL DISEASE cases reported in this province last year... remember! These are not cold figures. They represent 5,000 heart-breaking... heart-aching situations.

Yes, VENEREAL DISEASE is a serious problem. It's a problem for parents; for taxpayers; for young people on the threshold of life; for everyone.

VENEREAL DISEASE need never strike if we all do our part. If we know the facts. If we use these facts to advantage. If we don't shrug our shoulders and say, "This couldn't happen to anyone in my family."

You have a duty to your family and the community.

C.P.R.'s 50th Marine Engine for Invasion Barge

FOR LANDING CRAFT: The 50th marine engine from the Canadian Pacific Railway's Angus Shops, Montreal, had just been lowered to a special flat car for delivery to a shipyard turning out powered landing craft when this picture was taken. It was completed on a one-a-week schedule for these 70-ton engines

in the munitions department which also has produced tanks for Russia and highly specialized naval gunnery devices at Angus and naval guns at Ogden Shops, Calgary, under direction of H. B. Bowen, chief of motive power and rolling stock. Some of the earlier engines went into corvettes and frigates.

ATHENAEUM CLUB MEETING

The Athenaeum Club met for their
monthly meeting at the Public Lib-
rary on Monday evening, Nov. 6th.
Mrs. Widdell took charge of the
meeting and minutes were read and
approved. Mrs. Beth Bradley was
welcomed into the club as a new
member.

A motion was made by Mrs. Woolf
and seconded by Mrs. Mitchell that
the meeting begin at 8:30 hereafter,
instead of 8:15.

\$5.35 was then donated to the
Library, from club funds, for the re-
newal of the Cosmopolitan maga-
zine and for book purchase. A few
minutes was spent discussing the
December program and it was decid-
ed that each member come with
ideas for the 1945 program.

The rest of the meeting was spent
on assignments of the "Origin and
History of Holidays". The members
chose the following holidays to dis-
cuss: Halloween, St. Valentine's Day,
All Fools Day, Guy Fawkes Day, St.
Patrik's Day, Easter and Christmas.
The meeting was then adjourned.

FOR SALE—Purl Holstein, part
Jersey cow to freshen in March, 8
yrs. old, \$85. At J. H. Walker Farm.

ELDER MERRILL AT CONFERENCE

complicated and said that if ward
teachers were impressed with the im-
portance of this work that they would
see that it was done and that they
would grow and develop from their
participation in it. He also bore a
strong testimony to the divinity of
this work.

Stake Pres. T. Geo. Wood paid tri-
bute to the life and labors of Ex Pres.
Heber S. Allen who had passed away
since our last Conference and also to
the memory of the boys from our
Stake who had paid the supreme sac-
rifice in the battlefields of Europe.
He expressed his deep appreciation
of the leadership that is being given
in the words of the Stake and felt
honored to preside over a group of
people who made such fine records
in Church activities. Speaking of the
loss of loved ones by death, he re-
lated the experience of Apostle M.
W. Merrill, father of our Elder Mer-
rill, who lost his oldest son and could
not console himself to his loss and of
the visit in spirit of his son who
told him not to grieve that his pass-
ing was necessary and that he was
engaged in missionary work in the
spirit world, teaching and preparing
the dead to receive the proxy work
that was being done for them in the
Temples. He spoke of the recent Con-
ference and the inspiration he had
received from his attendance there.

The names of Sister Edna Ras-
mussen, Kenneth Knight, Chas. H.
Dudley, Ray Barker, Clarence B. Al-
red and C. D. Peterson were present
ed as leaving for short term mis-
sions for the Stake. A number of Stake
Missionaries were released, having
been called into other work, and
others were sustained in their stead.
Elder Horace Ririe was made one of
the Presidents in the 150th Seventy's
Quorum and Elder James E. Barker
was sustained as first counselor to
John L. Allen in the Stake Y.M.M.I. A
Stake Clerk Wm. A. Anderson then
presented the list of General Church
and Stake authorities and they were
sustained by the vote of the large
audience present.

Pres. Melvin T. King, Stake Mis-
sion President C. Marion Aekroyd and
Stake Sunday School Superintendent
Frank Taylor spoke briefly express-
ing their thanks for the opportunity
of serving in the Church and bore
their testimonies to the truthfulness
of the work.

Elder Merrill spoke of the benefit
of rendering service and the growth
that it brought to those who served.
The Lord is the best paymaster in
the world and the choicest blessings
can only be had by our rendering
service to our fellowmen. He spoke
of the law of tithing and first offer-
ings and said that the willingness
and obedience of the Church mem-
bers in respect to these two laws
was one of the strongest proofs of
their faith and was the wonder of
the world. The way to happiness is
to follow the Lord's way of life and
do what is right.

The Sunday evening meeting was
under the direction of the Stake
Mutual with a large attendance of
young people and Elder Merrill gave
a timely and interesting talk espe-
cially applicable to this group.

The Stake Choir was present in the
afternoon and the Mutual Chorus at
night, with Wm. C. Stone conducting
and rendered a very fine program of
songs and anthems which was great-
ly enjoyed by the audience at both
sessions.
